Legally entitled to work in the US (SSN holder) | Carteret, New Jersey | Willing to relocate

PROFESSIONAL SUMMARY

Information Security and Infrastructure Specialist with over 14 years of experience in network infrastructure, threat mitigation, and IT governance. Specialist in implementing and managing complex security environments using **Cisco, Fortinet, VMware and SPLUNK**. Proven track record in SOC-related tasks, including real-time log analysis, malware eradication, and network monitoring. Passionate about continuous learning and mentoring the next generation of cybersecurity professionals.

TECHNICAL SKILLS

- **Identity & Access Management (IAM):** Active Directory, GPO, Access Control Lists (ACLs).
- **Security Operations:** Threat Detection, Incident Response, Log Analysis (Syslog, FortiAnalyzer), Malware Removal.
- **Network Security:** Fortinet Firewalls (UTM/QoS), Cisco Routing & Switching (CCNP/CCNA), VPNs, PRTG Monitoring.
- **Tools & Pentesting:** Nmap, Nessus, Kali Linux, Wireshark, Splunk.
- **Data & Automation:** ETL Processes, Business Intelligence (BI), Scripting, Power BI.

PROFESSIONAL EXPERIENCE

Cybersecurity & IT Consultant | Velz Soluciones Tecnológicas S.R.L. | 2019 – 2026

- **Incident Response:** Diagnosed and resolved critical cluster instability for a 7-server video surveillance system by identifying and neutralizing systemic software bugs and corrupted DLLs.
- **Threat Management:** Conduct security audits and malware remediation for diverse clients, utilizing anti-malware toolsets.
- **Governance & Compliance:** Leading the implementation of the **COBIT 2019** framework for a Credit Union, standardizing IT documentation and establishing cybersecurity baselines.

Cybersecurity Graduate Professor | UAPA / PUCMM / ITLA | 2017 – 2026

- Instructing Master's and Undergraduate students in **Network Security, Server Administration, and Ethical Hacking**.
- Developing hands-on labs focused on vulnerability scanning with **Nmap/Nessus** and infrastructure hardening.

IT Manager | Metrogas | 2016 – 2019

- **Intrusion Detection:** Identified and mitigated **Brute Force attacks** on public-facing FTP servers through proactive log monitoring and automated IP blacklisting.
- **Malware Eradication:** Detected and neutralized **Advanced Persistent Threats (APTs)** on production servers by performing manual process inspection and systemic forensic analysis to eliminate persistent backdoors.
- **Fraud Detection:** Identified and mitigated fuel theft by internal personnel through proactive GPS monitoring and telemetry data analysis of the corporate fleet.

Infrastructure Manager | Cooperativa La Altagracia, Inc. | 2015 – 2016

- **Traffic Optimization:** Utilized **FortiAnalyzer** to identify high-bandwidth consumption patterns, implementing **Quality of Service (QoS)** rules on Fortigate firewalls to ensure business continuity across branches.
- Managed high-availability virtualization environments using **VMware ESXi**, reducing hardware costs and improving disaster recovery capabilities.
- Achieved **99.9% uptime** by deploying an automated 24/7 monitoring system (PRTG).

Database Analyst | Edenorte | 2011 – 2015

- **Data Automation & BI:** Automated reporting workflows leveraging advanced scripting and ETL, reducing report generation time for senior management.

EDUCATION

- **Master in Cybersecurity** | Universidad IMF & Universidad Camilo José Cela, Spain (2019)
- **B.S. in Telematics Engineering** (Magna Cum Laude) | PUCMM, R.D. (2011)

CERTIFICATIONS (Highlights)

- **Splunk Core Certified Power User** (2026)
- **CompTIA Cybersecurity Analyst (CySA+)** (2022)
- **Fortinet NSE 4 – Network Security Professional** (2023)
- **Cisco Certified Network Professional (CCNP)** (2014)
- **Azure Fundamentals (AZ-900)** (2023)
- **Ethical Hacking with Kali Linux** (2023)

LANGUAGES

- **English:** Advanced
- **Spanish:** Native
